CONNELLVILLE, PA., FRIDAY EVENING JULY 22 1921

EIGHT PAGES.

## GUARDSMEN LEAVE MT. GRETTA TONIGHT FOR HOME STATIONS

Camp Breaks a Day Ahead of Schedule, Orders From Washington.

## MANY LOCAL BOYS SICK

CAMP SICKNESS. Mt. Gretna, July 22—Camp is being broken a day in advance of the time scheduled. Orders from the War Department, the units of the 55th Brigade will remain at their home stations this evening instead of tomorrow as was under stood to be the time for breaking camp.

While no reason has been assigned for the change it is not thought the recent outbreak of mumps among the guardsmen has had anything to do with it. The Medical Detachment has been quite busy for several days caring for the sick. For a time yesterday it was feared the Howitzer company would not be able to participate in the brigade maneuvers held in honor of Governor Sprout.

Like the Howitzer Company of the 109th Infantry a few days ago about 40 of the members of the Howitzer Company of the 110th were attacked with intestinal trouble during the night several of them suffering seriously. A quinine junk and members of the Medical Detachment were promptly summoned and kept busy giving treatment to the sick men. Relief following within a few hours and the patients were able to return to duty in time for the review.

It was ascertained that one of the members of the mess detail had a severe case of mumps, which was verified as such yesterday morning. Last night however of keeping it all night in the pot container provided for the purpose it was left in the metal put in which it had been cooked. The result was that when the men ate it and went out in the sun all of yesterday a modified form of mumps poisoning was generated and they began to suffer from it during the night. The prompt remedies administered by the Medical Detachment soon checked it however.

Last night the camp was deserted, all the soldiers participating in the military maneuvers bivouaching on the night in the woods some 10 miles distant. When each one built his own fire and did his own cooking. They returned to camp this morning and immediately began preparations for breaking camp at noon.

The Howitzer Company and Medical Detachment of Connellsville's Service Company of Scottsdale and Company D of Mount Pleasant will leave at midday for the second section of the troop train. They should arrive home about noon tomorrow.

MOUNT GRETTA, July 22—The 55th Infantry brigade, Pennsylvania National Guard is completing today its last military duties before returning to its home stations. The first section of the 109th Infantry is scheduled to leave at 8 o'clock tonight. The other two sections will leave at intervals of an hour. The 109th Infantry will begin entraining at the same time. The men returning are in the best physical condition.

## BODY OF PRIVATE JAMES RHODES AT MONONGAHELA

The body of Private James Rhodes has arrived at Monongahela from Hoboken, N. J. and has been removed to the home of his parents. Mr. and Mrs. Charles Rhodes, a military funeral will be held next Wednesday at the family residence.

## NEW PASTOR INSTALLED

Rev. A. B. Weiser chosen Cardinal. Rev. A. B. Weiser was installed and installed as pastor of the Laurel Hill Presbyterian church at an adjourned meeting of the Westmoreland Presbytery held yesterday afternoon in the church.

Rev. J. B. Reed, pastor of the church, presided over the installation. Rev. A. B. Weiser, moderator of the presbytery, had charge of the business session of the meeting. Rev. Lawrence of the Erie presbytery delivered the charge to the pastor and Rev. Weiser the charge to the congregation. Rev. and Mrs. Weiser were given a cordial welcome by the members of the congregation and their friends in attendance.

Arrangements were made for the ordination and installation of Rev. George K. Hanford as pastor of the New Salem church Tuesday evening August 2. The services will be held in the New Salem church.

Bishops Reach City. Mrs. A. W. Bishop and son Eugene have arrived here from Chicago and will remain until after the funeral of the late Mrs. Bishop. Mrs. Bishop is the widow of the late Mrs. A. W. Bishop, who died at the age of 80.

## TEMPERATURE DOWN TO 60 DEGREES, FIRST IN MORE THAN MONTH

Additional Heat Coverings Diverted During Long Hot Period, Called Into Service.

Last night was the coolest the city has experienced in more than a month according to the record of the official thermometer. The mercury dropped to 60 degrees and persons who a few evenings ago suffered with the heat while trying to sleep found the discarded coverings very comfortable last night.

There have been a few nights when the thermometer recorded 60 degrees but the last date on which it was cooler than that was June 15. On that date the mercury dropped to 60 degrees.

Most of the nights during the latter part of June and up to the present time this month have averaged about 70 degrees.

## EXAMINATIONS FOR POSTMASTER ON AUGUST 12

Acting Postmaster L. W. McCormick, this morning receiving official notice that the examination of candidates for postmaster will be held August 12, not on the day following which has been set for the examination of candidates for south Connellsville Division and other third class offices.

In the form of notice received Mr. McCormick has detected what are apparently errors. According to the caption of the notice Connellsville is listed as a second class office whereas it is in the first class. The salary is shown to be \$100 when in a matter of fact it was advanced to \$100 on July 1 on account of the increase in receipts during the last quarter.

Mr. McCormick has written the Civil Service Commission in Washington calling attention to these errors pending the receipt of a reply he will withhold the delivery of examination forms to the several candidates which have been sent to him for distribution. As previously stated the candidates will not be required to report for examination at any place but will be called on their education and training and business experience and fitness as determined by the information they will be required to give on the blank forms.

## PLAN KEEFER FUNERAL

Legion Post and Camp Brown of Foreign War Veterans to Attend.

Members of Camp Walter F. Brown, Veterans of Foreign Wars and Milton L. Bishop Post No. 201 The American Legion will meet tomorrow morning at 11:30 o'clock at the Legion rooms in West Crawford avenue to attend the funeral of Corporal Daniel Keffer. The body will arrive at 11:30 o'clock. Burial will be in Hill Grove cemetery.

The body of Private James Rhodes, who was killed in action while serving with Company D 109th Infantry, will be sent to McClure in the eastern part of the state the home of Mr. and Mrs. James H. Erb parents of the dead soldier.

## OKeene Railroad Settlement.

WASHINGTON, July 22 Proposed terms for a final settlement between the government and the railroad are understood to have been before the cabinet at today's meeting. It was indicated that some definite announcement on the subject was imminent.

## Playgrounds Are Nearing the Close of Successful Season,

Daily Attendance 500-600

The playground season coming to a close on Saturday August 20 of 101 weeks from tomorrow. It is not out of place to recall some of the things that have been accomplished thus far.

First the number of playgrounds has increased from one to four and each fully equipped. Over 1,000 children have been enrolled at the four grounds the average daily attendance having been between 500 and 600. On certain days as many as 800 children have been at a single ground.

The organization of the Little Mothers League was one of the accomplishments of the playgrounds committee of the Women's Culture club which has had the playgrounds in charge. The original membership of 38 has been increased to 60 all recruited from the children attending the playgrounds.

The installation of sanitary drinking fountains at the grounds was financed successfully thus providing a very necessary part of the equipment. A series of band concerts has been arranged one of which has already been given. The next will take place at the West Side ground at a date to be announced.

Two moving picture educational in character with enough comic features to interest all children will be given the first on Friday evening July 23. Both will be given in the Cameron building which is much the best suited to that purpose.

The games and exercises at the grounds have received very close attention from the persons in charge.

## NO EFFORT BY BLACKMAILERS TO "COVER UP"

Police Believe Men Threatening Frank Festa Had No Fear of Detection.

## INSPECTOR HAS EVIDENCE

Quintillo d'Amico, Assistant Chief of Police, today charged with sending threatening letters to Frank Festa, a prominent local figure, and a blackmailer, who was threatening to expose Festa's private life.

The blackmailer, who was threatening to expose Festa's private life, was caught by the police. The blackmailer was a man named John J. Smith, who was a well-known figure in the city.

## HUMANE SOCIETY WINS APPEAL TO SUPERIOR COURT

Decision of Fayette Jurist Reversed in Case of Brownsville Man.

## "MISDEMEANOR" DEFINED

A case of unusual interest to both lawyers and laymen brought a decision the other day from the superior court defining in a certain degree the legal meaning and scope of the term misdemeanor. It also involved the constitutionality of the act of March 3, 1883, under which prosecutions for cruelty to animals are usually made in Pennsylvania.

The preceding originated in Fayette county. On January 15, 1918, an information alleging cruelty to animals was made by Jacob Sweger, agent for the Western Pennsylvania Humane society at South Brownsville, against James W. Allen of the same place. After a hearing before Judge Fred J. Chaffant the accused was acquitted.

## July 31 is Last Day for Filing Returns of Capital Stock Tax All Classes of Corporations

July 31 is the last day for filing returns of the capital stock tax. To avoid penalty, the returns must be in the hands of collectors of internal revenue on or before midnight of that date.

Blank forms are available at the office of Collector C. G. Lewellyn, Pittsburg, and the branch office in Uniontown. Form 707 is required for domestic, and 708 for foreign corporations.

The capital stock tax is a special excise tax imposed on corporations with respect to "carrying on a domestic business." The tax on domestic corporations is \$1 for each \$1,000 of the capital stock for the preceding year ending June 30 as is in excess of \$5,000. Foreign corporations are required to pay a tax at the rate of \$1 for each \$1,000 of their capital employed in the transaction of business in the United States without the benefit of the \$5,000 deduction. The tax is payable in advance, returns filed in July of this year covering the taxable year beginning July 1, 1921 and ending June 30, 1922.

The Bureau of Internal Revenue estimates that approximately \$25,000,000 returns will be filed, and that the amount of revenue collected from this source will be approximately \$80,000,000.

Returns are required of every domestic corporation regardless of the par value of its capital stock, and of every foreign corporation irrespective of the amount of capital employed in this country in the transaction of its business. Certain corporations not organized for profit are exempt from capital stock tax. The class of organizations entitled to the exemption is described in regulations 50, revised, copies of which may be obtained at Collector Lewellyn's office.

Corporations claiming exemption are required to file returns setting forth their reasons for such claims, accompanied by evidence in support thereof.

If, because of lack of complete data or other reasons than illness or absence, it is impossible to file a complete return on or before July 31 a tentative return may be filed, reporting the approximate fair value in order that an initial assessment may be made, thus avoiding penalty.

The penalty for failure to file a return within the time prescribed as an added assessment of 25 per cent of the amount due, unless it is shown that the failure was due to reasonable cause and not to neglect.

In addition to the added assessment a fine of not more than \$1,000 is provided for failure to make a return on time. For willful refusal to make a return, willful evasion of the tax, willful refusal to supply information requested by the commissioner, or attempting in any way to evade the tax and payment when due, the penalty is a fine of not more than \$10,000 or imprisonment for not more than one year, or both.

## NEWSY NOTES TELL WHAT'S HAPPENING IN THE MILL TOWN

**Peterson Business College  
Sold to Former Fayette Teacher.**

## SOLDIER'S BODY IN NEW YORK

Word Received of Coming of Remains of Ray Miller, Son of Marshall Miller; Body of Highwayman's Victim Buried Without Relatives Claiming It

Special to The Courier.

SCOTSDALE, July 22.—W. D. McLean, who has purchased the Peterson Business College, has announced the date of opening for the fall term (Tuesday, September 6). Mr. McLean, who was a member of the firm of T. H. Cain and W. D. McLean, who owned the Douglass Business College at McKeesport, was the active manager of the McKeesport college. He built up that institution to a high standard, 800 students being enrolled last year.

Mr. McLean was born and reared at Normalville and for a number of years taught school in Dunbar, Upper Tyre and Springfield townships.

**Private Miller's Body Arrives.**

Word has been received by Marshall Miller, that the body of his son, Private Ray Miller, had arrived at Hoboken, N. J. Private Miller enlisted October 1, 1917, at Greensburg, and was sent to Gettysburg for training, being transferred later to Camp Green, N. J., with the 51st Infantry, Fifth Division, of which he was a member. He was killed September 16, 1918, in the battle of St. Mihiel. He is survived by his father, Marshall Miller, and the following brothers and sisters: Reid, of Scottdale; Mrs. Freeman, of Red Bank; Clyde R. and Stella, at home.

**Good Chautauque Program.**

The Coit-Alber chautauque program is becoming more interesting with each succeeding number. Yesterday afternoon the Hingworth-London concert party entertained and in the evening the concert was followed by a lecture "America's World," by Gregory Mason. Today will be a rest period during the afternoon and the "opera," "The Mikado," will be presented by William Wade Hinshaw of New York.

**Thugs' Victim Buried.**

The body of Alex Peters, who died of wounds inflicted by alleged highwaymen, was buried from the Ferguson undertaking parlors yesterday afternoon, without having it claimed by any relatives. Neighbors of Peters at Mendon came to the undertaking rooms to view the body and attend the funeral. Robert Goodman took a photograph of the body.

## HAGAN'S "Different From the Others" ICE CREAM IS CARBONATED

## Purer or Better Ice Cream Can't Be Made

WHEN we heard of Prof. W. P. Heath's newly discovered process for making carbonated ice cream we immediately investigated it. We have always made the finest ice cream money, brains and the purest ingredients can produce.

We knew the error of freezing ice cream in common air, which is never perfectly pure. So when we learned that Prof. Heath had discovered a way to freeze ice cream in a sterile, pure, germ-free atmosphere we knew he had solved the greatest problem of ice cream sanitation.

We secured the rights to manufacture ice cream under the Heathmade carbonated process. It is an expensive method, but it adds a maximum of safety to ice cream and, incidentally, it makes a much more delicious ice cream, richer, more flavory.

When you buy Hagan's Carbonated Ice Cream for the kiddies you know it is super-pure. Insist that your dealer provide it. He can get it if he hasn't it already.

"TROPICAL FRUITS SPECIAL"

## Ohioopyle.

OHIOOPYLE, July 21.—Miss Anna and Florence Cox are spending a few days at the home of Mr. and Mrs. H. L. Cox of near Confluence.

Mr. and Mrs. Robert Holt were among the callers at Uniontown Wednesday.

Mrs. Ella Bird of Confluence spent Wednesday calling on Ohioopyle folks.

Miss Susan Fitzpatrick of Mount Pleasant was the guest of Miss Gertrude Yalmer.

Mr. and Mrs. Wedell Monyer are the parents of a son, born at their home here Wednesday. Mrs. Monyer before her marriage was Miss Marian Bell.

Joseph Gallagher of Ohio is spending a few days with his family here.

## Trained Nurse Advises People

"I was a great sufferer of stomach and liver trouble and cannot say enough in praise of Mayr's Wonderful Remedy. It has done so much for me and I am recommending it to other sufferers. I was a trained nurse in marine and other hospitals years ago, therefore I can come to me for advice. I certainly received great benefit from Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke and druggists everywhere.—Advertisement.

## RIVER SHIPMENTS

Of Coal on Monongahela River Snowed

Gain in June Over May. Coal shipments down the Monongahela river for the month of June showed a slight increase over that for May. Records at the Charleston lock show total shipments of 833,800 tons of coal for June and 821,700 tons for May.

Coke shipments for June were 21,000 tons and for May 19,700 tons.

FRIDAY EVENING, JULY 22, 1932.

## OUR GREATER OBLIGATION

The information that the body of  
 Corporal Daniel W. Keffer, a former  
 Conneltsville resident, who died while  
 serving with the Marines in the World  
 War, is to be accompanied from Clair-  
 ton, to Conneltsville tomorrow by a  
 delegation consisting of the mayor,  
 members of council and 187 members  
 of the Clairton post of The American  
 Legion, ought to emphasize the in-  
 difference and neglect of the people of  
 this section in paying last honors to  
 our soldier dead.

When the people of Clairton, where  
 Corporal Keffer had resided but a  
 comparatively short time before en-  
 tering his country's service, and  
 hence was intimately known by only  
 a small number of the people there,  
 turn out in such numbers to meet  
 and bury a soldier, it is a tribute  
 to the patriotism of the people of  
 Clairton, and it is a tribute to the  
 patriotism of the people of Conneltsville  
 that they are willing to pay the  
 funeral expenses of a soldier who  
 died in the service of his country.

Of the score or more of soldiers  
 buried here it cannot be recalled  
 that with one or two exceptions,  
 as many persons, including civilians  
 and ex-service men, attended as will  
 constitute the Legion escort coming  
 with Corporal Keffer's body tomorrow.  
 At none of these funerals have our  
 city officials been present except as  
 individuals and no action has been  
 taken to show that the business peo-  
 ple of the city or the public gen-  
 erally have been concerned in display-  
 ing that form of respect for the hon-  
 ored dead which the burial of a sol-  
 dier provides such a splendid opportunity.

If the people of Clairton feel their  
 duty to lay him to rest, it is their  
 duty to lay him to rest in the best  
 place a soldier who had lived  
 among them but a short time, should  
 not; we have even more regard for  
 our greater obligation to pay a fitting  
 tribute of respect to the boys who  
 were born and reared to young man-  
 hood in our community and left it at  
 the call to duty.

## MARKERS FOR COAL AND COAL LAND WILL CONTINUE

The acquisition of a large reserve  
 tract of coal land in close proximity  
 to the Windsor power plant of the  
 West Penn interests, in addition to a  
 previous purchase and development at  
 the Springdale plant, is in line with  
 the very wise policy of this and  
 other large consumers of coal in in-  
 suring a fuel supply for the future.  
 Although there are known deposits  
 of coal sufficient to supply the fuel  
 needs of the country for a century or  
 longer it is being realized by those  
 whose fuel requirements are large  
 and likely to increase, that the  
 acreages of unmined coal of good  
 quality which are within easy or  
 reasonable reach of transportation  
 facilities are fast being acquired for  
 purposes of reserve operation. Dur-  
 ing the past few years industrial en-  
 terprises, both large and small, have  
 been making purchases of coal lands  
 advantageously located for later de-  
 velopment, which are to be held in re-  
 serve against that day when present  
 sources of supply become exhausted  
 or other conditions will make it nec-  
 essary or desirable to utilize the re-  
 cently acquired holdings.

While this policy may appear to  
 some persons as forecasting a very  
 marked decrease in the volume of  
 business to be done by coal producers  
 who supply the general markets,  
 which now include many of the enter-  
 prises which have purchased reserve  
 coal lands, it is the belief of those  
 most conversant with the fuel situa-  
 tion and the normal and constant in-  
 crease in consumption, and the possi-  
 bilities of the export trade, that even  
 after the present coal land owning  
 consumers have become producers of  
 fuel there will be a larger demand  
 from the general trade than exists at  
 this time.

It will not be possible for all con-  
 sumers of coal in considerable quan-  
 tities to become their own producers,  
 but the trend is plainly in that direc-  
 tion as revealed by the policy of the  
 public utility, steel and other indus-  
 trial concerns which have purchased  
 extensive acreages. The smaller con-  
 sumers, which are infinite in number  
 and will multiply as time passes, will  
 still be dependent upon the merchant  
 producers of fuel for their supply, as  
 also the railroads, and the single  
 largest consuming interest. There  
 need be no alarm, therefore, that the  
 coal industry will suffer seriously  
 by the inroads of the producer-con-  
 sumer operators that no market will  
 be left.  
 Those who hold coal lands as an in-

## REV. E. D. CAMERON

Rev. E. D. Cameron of Henryetta,  
 Okla., who has announced that he will  
 establish headquarters in New York  
 for the purpose of better organizing  
 a national fight against divorce. He  
 resigned his pastorate at Henryetta to  
 become head of the American Anti-  
 divorce league.

vestment can view the development  
 with complacency if not also with  
 satisfaction. Every purchase of a  
 large tract by prospective consumers  
 reduces the acreage of available de-  
 posits and enhances values accordingly.  
 The example of the enterprises  
 which are thus safeguarding their  
 future fuel supply is certainly to be  
 quite generally followed by others  
 which means that the market for coal  
 lands, like the market for coal, will  
 continue to be a factor of very large  
 importance in Western Pennsylvania  
 and neighboring coal fields.

A resumption of operations at Fer-  
 guson mine will seem like turning  
 back to a page in the early history  
 of coke making in Fayette.

Developments in the Sharon kidnap-  
 ing case make it appear that some-  
 body is trying to kid somebody else  
 without very great success thus  
 far.

That call to the veterans of all our  
 wars to assemble for a joint attack  
 on the good things to be provided at  
 the county picnic may not stir the  
 fighting blood as did the earlier calls  
 to the colors, but it will cause those  
 who respond to recall many stirring  
 events in which they had an impor-  
 tant part.

The return of the bodies of the sol-  
 diers from France is a sad reminder  
 of the sacrifice of life they so willingly  
 made. Will we be as willing to  
 make a fitting sacrifice of time to  
 show the community that we realize  
 our obligation to pay fitting honor to  
 them when they are at last laid to  
 rest in the homeland?

## The Women Who Should Marry

Anne Shannon Moore in Good Housekeeping

The slow progress of the world is  
 all because there is not enough love  
 in it, and there is not enough love in  
 it because the real mothers haven't  
 done all the mothering, and the real  
 mothers haven't done all the mothering  
 because always, in the past, mar-  
 riage was the only honorable calling  
 for a woman, and all women rushed  
 into it. But life today offers many  
 honorable callings—a calling for  
 every gift. Then let me implore you,  
 you women at the turning of the ways,  
 in the interest of unborn humanity,  
 of more love in the world, of peace  
 on earth, unless the maternal instinct  
 dominates you—unless you crave your  
 own babies, crave a home, feel eager  
 to begin feathering a nest with the  
 softest, gentlest down of pure, high  
 love—unless all this is paramount  
 with you, stay out of marriage. Turn  
 your steps toward science, to the in-  
 ventories, but keep your hands off this  
 sacred human problem.

Perhaps the maternal instinct domi-  
 nates the majority of women. I do  
 not know; I am no statistician. But I  
 do know there are enough who do not  
 have it to do the job, well, right to  
 wreck the world. Then leave matern-  
 ity—with self-respect and understand-  
 ing. Leave it, turn from it, find your  
 own high and honorable calling. But  
 you who have the gift, oh, you most  
 surely gifted among women, you  
 first violins in God's great orchestra—  
 accept the call of nature, find your  
 mate, and do this greatest of all  
 earthly work. Find in the knowledge  
 that it is God's greatest work your  
 unending staff and stay, your reason  
 for being. The child put you in the  
 race, into the future, makes you of  
 the long, unending stream. Then go  
 up to God, its hand in yours.

## ASK FOR DETOUR

Young Auto Club Making Arrangements With City For Signs.

Arrangements are being made by the  
 Youngstown Automobile club  
 with city officials to put up detour  
 signs on the West Side where the  
 West Penn Railway company is re-  
 pairing the street car tracks. The  
 street has been blocked and there are  
 no directions to motorists on the di-  
 rections for a detour.

An effort is being made to have  
 one-way detours arranged, in order to  
 send part of the traffic on each side of  
 the street.

## BY-PRODUCT OUTPUT SHOWS DECREASE OF 40 PER CENT IN JUNE

Loss of 1,025,000 Tons As Compared With Monthly Average Last Year.

## 2,210,000 TONS COAL USED

Or 2,000,000 Less Per Month Than Required When Operating Under Normal Conditions; Depression Significant in View of Beehive Inactivity.

Through the cooperation of the pro-  
 ducers of by-product coke the United  
 States Geological Survey has resumed  
 the publication of current statistics  
 of the output, which were discon-  
 tinued at the close of the war. Re-  
 turns for the month of June are sum-  
 marized as follows:

The total output of by-product coke  
 for June—last year—was  
 1,540,000 net tons. In comparison  
 with the monthly average for 1920,  
 this was a decrease of 1,025,000 tons,  
 or 40 per cent. As the present maxi-  
 mum capacity of the by-product ovens  
 in this country is in round numbers  
 3,510,000 tons of coke per month, it  
 will be seen that the industry was  
 operating during the month of June  
 at only 44 per cent of capacity. In  
 fact, of the 31 plants, 10 were closed  
 down entirely. As with active demand  
 an average production of 50 or 60 per  
 cent of capacity is to be expected, it  
 will be seen that the present output  
 of by-product coke is less than half  
 of normal. The depression is the  
 more significant when the virtual ces-  
 sation of beehive coke manufacture is  
 remembered.

The coal charged in the month of  
 June is estimated at 2,210,000 tons.  
 The normal monthly consumption of  
 the ovens, assuming 50 per cent opera-  
 tion, would be 4,300,000 tons. The  
 by-product ovens are therefore get-  
 ting along with only 2,000,000 tons  
 of coal per month, less than they  
 would be using if business were  
 active.

The following tabulation shows the  
 average monthly output in net tons,  
 exclusive of screenings and breeze,  
 during the several years given and  
 the month of June, 1932, and the coal  
 charged in obtaining the tonnage  
 enumerated:

	Coke	Produced	Charged
1917	1,540,000	2,825,000	2,825,000
1918	1,540,000	2,825,000	2,825,000
1919	1,540,000	2,825,000	2,825,000
1920	1,540,000	2,825,000	2,825,000
June, 1932	1,540,000	2,210,000	2,210,000

## Keep Out What Is Cut Out

New York Herald.

Both the administrative and legisla-  
 tive branches of the national govern-  
 ment are now showing more speed in  
 cutting dead wood out of the depart-  
 ments, reorganizing them on a busi-  
 ness basis and choking off squander.  
 With some \$500,000,000 taken out of  
 the army and navy estimates and  
 \$300,000,000 due to come off the over-  
 loaded departments, while costs of  
 materials and supplies are dropping,  
 those in control of the government are  
 fairly on the road to economizing in  
 ten figures, which is the only measure  
 of economizing that will fulfill the  
 pledges of the Republican party and  
 satisfy the American people.

With the broadaxe getting in such  
 work on the old spendings, the thing  
 to do now is to see that new spend-  
 ings are not smuggled into this, that  
 and the other legislative measure  
 under disguise that, no matter what  
 they pretend to do, are designed to  
 break into the national treasury.

The money saved by plugging up  
 one leak in the dam must not be al-  
 lowed to run away through another  
 hole newly bored in another spot.  
 This must be guarded against.

Wed at Cumberland,  
 Dominick Skope and Myrtle Brink,  
 both of Rockwood, were licensed to  
 wed at Cumberland.

## Just Folks

JOSEPH A. GUNL

## THE THING ACCOMPLISHED.

If you would know the depth of satis-  
 faction  
 Or come to feel a sense of proper  
 pride,  
 You must be thankful of your every  
 achievement.  
 And all the task to be done not turn  
 aside.

Though humble be your duty and your  
 station,  
 Fill it with credit, not with sham or  
 bluff;  
 Give it your best and spare the ex-  
 planation  
 That your endeavor may be good  
 enough.

Seek not in words of praise from men  
 who flatter  
 For true commendation is never  
 there.  
 Be your own judge and let the thought-  
 less chatter.  
 You know your work and is it false  
 or fair?

Remember this, and be no vain regret-  
 ter:  
 In little things man meets his stern-  
 est test;  
 Be not content with work that you  
 could better.  
 The humble task's deserving of  
 your best.

You need not fear the future. Men  
 shall find you.  
 No matter where you toil or where  
 you dwell,  
 If every time you leave a task behind  
 you,  
 You know yourself that you have  
 done it well.

## Before Alaska's Future Can Be Planned There Must Be Central Control

By ALBERT B. FALL, Secretary of the Interior

The big questions in the development of Alaska  
 are outside and above politics. They have to do with  
 policies that will make Alaska more accessible, that  
 will open the way to the development of resources now  
 locked up and that will invite settlement. Between  
 1910 and 1920 the population of the territory decreased  
 15 per cent. The population today is only 55,000,  
 against 65,000 in 1910, and the decline has been in the  
 pioneering white settlers.

Difficulties of transportation form one of the big-  
 gest barriers against Alaska development. We are  
 now dependent wholly on boats operating out of Seattle. Inside Alaska,  
 transportation conditions are no better. We are building a railroad up  
 there, but it begins nowhere and ends nowhere. In my judgment Alaska  
 should be connected with the United States by an all-rail route through  
 Canada.

One of the big possibilities for Alaska is the development of a paper  
 industry. Properly safeguarded, Alaska could supply us indefinitely with  
 an amount of paper equal to that which we now import from Canada. But  
 there again the transportation barrier controls. Alaska's coal fields are  
 another source of great possible wealth. We are now developing mines  
 there for the production of coal for the Pacific fleet.

But perhaps the greatest barrier to getting anywhere with Alaska is  
 the fact that at present half a dozen different government departments and  
 bureaus have charge of various functions there, and there is no co-ordina-  
 tion and co-operation in plans for development.

Before Alaska's future can be planned for and effective steps taken  
 to tap her rich resources and open them to the people, there must be some  
 central authority in control. Personally, I believe that should be vested  
 directly in the President.

## Abé Martin

Of course both a sparrow's partner is  
 more hazardous than being the  
 hand of a prominent woman, but when  
 it comes to glory their main differ-  
 ence is that the sparrow's partner is  
 a thing about prohibition is  
 that a newspaper reporter in almost

## MOUNT PLEASANT PREPARING FIGHT ON WATER RATES

Engineer Engaged to Secure  
Data for Presentation to  
Service Body.

### COUNCIL GIVES AID TO FIREMEN

Sum of \$150 Advanced Toward Ex-  
penses of Remodeling Quarters;  
United Brethren Society Heats Wire-  
less Telephone Concert; Notes of Day

Special to The Courier.

**MOUNT PLEASANT, July 22.**—Council held a special meeting last evening and had with it Mr. Seely of the engineering firm of Gannett, Seely & Fleming. It was decided that the borough would retain Mr. Seely to secure the necessary data to make the fight against the increase in water rates. Mr. Seely will work with Jesse E. B. Cunningham and Borough Solicitor Eugene Warden.

Council also decided to pay the firemen \$150 toward the improvement of the firemen's rooms. The firemen recently frescoed, painted and carpeted their rooms and had asked council for money toward helping stand the expense of these repairs.

### Wireless Concert.

Mrs. A. G. Page, who is superintendent of the Junior Christian Endeavor of the United Brethren church, gave a wireless concert last evening for the members of the society and their friends. Refreshments were served. The wireless telephone is the property of Arthur G. Page who donated it for the purpose. Society Pigman installed the apparatus.

### Visiting at Atlantic City.

C. F. Burkholder left last evening for Atlantic City where he will be the guest of Miss Margaret Byers at Haddon Hall. Miss Byers and her mother, Mrs. William Byers, are spending the summer at Haddon Hall.

### Guardians Home Sunday.

Company E, 10th Regiment, which breaks camp on Sunday afternoon, expects to reach home on Sunday morning. The company, under Captain William Sprick, is making an excellent showing.

### Glass Plant to Resume.

Notice has been sent the employees of the Bryce glass factory that operations will be resumed July 25. Very extensive repairing is being done.

## Look Younger

Care-worn, nerve-exhausted women need Bisco-Phosphate, a pure organic phosphate dispensed by the Connellsville Drug Co., that New York and Paris physicians prescribe to increase weight and strength and to revive youthful looks and feelings.—Advertisement.

## Meyerdale.

**MEYERDALE, July 21.**—Mr. and Mrs. George W. Collins, Sr., daughter, Miss Lenore, and sons, George W. Jr. and John, left Tuesday on an automobile trip to Washington, D. C., Maryland, and other points of interest.

Mrs. L. A. Friedline, son Nathaniel, Miss Margaret Weber and Daniel Clapper left Wednesday in the Friedline car for Scotland where they will be the guests of Mr. and Mrs. L. B. Leffler. They will visit Mr. and Mrs. John C. Weber in Latrobe and will spend a day in Pittsburgh, returning home Sunday.

Mr. and Mrs. Charles Boyer, daughter, Mrs. Dick Oliver and son Earl, have returned from an overland trip to Mount Pleasant where they visited friends for a few days.

Mrs. William A. Sturges and daughter, Dorothy, who spent several weeks here with her parents, Mr. and Mrs. George Hocking, have returned to their home at Oakland, Md.

Miss Josephine Grauey of Cumberland, Md., is visiting her uncle, Rev. Father J. J. Brady.

Mr. and Mrs. C. A. Just are spending a few days in Pottsville.

Mrs. C. P. Burdett is visiting in Pittsburgh for a few weeks.

Fred Wilmoth left Tuesday on a business trip to Washington, D. C.

Mrs. E. S. Kemp visited friends in Elk Lick yesterday.

G. E. Hammond returned to Cumberland after a few days' visit here.

Mr. Hammond, who is the guest of his mother, Mrs. Louise Silex.

**Baby's Sore Chafed Skin**  
The Cause of Untold Misery  
Nurse Tells How to Avoid It

Philadelphia, Pa.—"Sykes Comfort Powder has been used on this baby with great success in keeping his skin free from chafing, scalding, rashes and soreness, which is the cause of so much misery among children. In my eleven years work as a nurse I have never found anything to equal Sykes Comfort Powder for this purpose."—Lottie E. Sloper, Nurse, 4011 Pine St., Philadelphia, Pa.

The reason Sykes Comfort Powder is so successful in healing and preventing chafing, scalding, rashes and skin irritations is because it contains six healing, antiseptic ingredients not found in ordinary talcums. Physicians and nurses call it "healing wonder."

**Sykes Comfort POWDER**  
Heals the Skin  
Made by the Laughlin Drug Co.

## WAS SURPRISE OF LIFE, SAYS LOEB

Harrisburg Man Gets on Scales and  
Finds That He Gained 28  
Pounds Taking Tanlac.

"I got the surprise of my life when I stepped on the scales after finishing my sixth bottle of Tanlac and found that I had actually gained 28 pounds," said Joseph Loeb, 127 Chestnut street, Harrisburg, Pa., a popular salesman for the Salkin Department Store.

"The fact is, I wouldn't take any amount of money for the good Tanlac has done me, for it has made me feel like a brand new man after eight years of suffering. My stomach was badly out of order and my appetite was so poor that I hardly ate a thing. Many times the very sight of food made me sick, and I would leave the table without eating a bite.

"I had an awful burning in my back nearly all the time and never slept well at night. My strength and energy all left me, and I got into an awfully weak and run-down condition and became terribly worried for it looked like I was never going to be well again.

"But Tanlac has knocked out all my troubles completely. I eat, sleep, work, and enjoy every day and feel every mouthful, and eat just anything I please without any bad after effects. I enjoy good, sound sleep every night and wake up feeling brimful of new life and energy. In fact, if I ever felt better in my life than I do now I don't know when it was. There is nothing too good for me to say for Tanlac. It has certainly done wonders for me."

### Three Actions

In Trespass on

Fayette Record

Three actions in trespass were instituted in Uniontown this week asking for damages as the result of injuries sustained from automobile accidents.

Charles A. Schellar of Connellsville entered a suit against John W. and George Doyle of Evanson, seeking to recover \$1,100 damages alleged to have been done Schellar's car in a collision with the Doyle car on the Pennsylvania road, October 31, 1920.

Muriel and Marian Mercer of Trotter instituted proceedings against S. D. and G. E. Sherrick of Pennsylvania to recover \$10,000 damages alleged to have been sustained when Sherrick drove past a West Penn car on the Leisegang road, January 26, last, and struck Mrs. Mercer.

Mrs. Hannah Burton, Phillips, is seeking \$5,000 damages from Frank Hollywood of Collier, alleging that he was responsible for the death of her daughter, Nora Belle, July 23, last.

The deceased was killed on the Pittsburgh road while riding on the handle bars of a motorcycle which is alleged to have been struck by the Hollywood car. She also claims that her daughter contributed \$40 monthly to her support and that the funeral expenses amounted to \$1,000.

An order of adoption was made whereby Elizabeth Dupont of North Union township became the mother of Clara Rhoades, who was born September 12, 1907. The girl's mother is dead. Otto Rhoades, father of the girl, told the court that he was unable to support them all.

Charles Dell of Bullskin township, charged with paternity, was sentenced to pay Emma Jean Henkle \$40 living-in expenses and \$2.50 per week for the support of the child until five years of age and give bond in the sum of \$500.

John Jaynes of South Connellsville was sentenced to pay his wife, Eleanor Jaynes, \$5 per week costs in the case and furnish bond in the sum of \$500 on charges of desertion and non-support.

T. H. Christopher of North Union township was sentenced to pay the costs in the case and \$12 per week to his wife, Mary J. Christopher, on charges of desertion and non-support.

Andrew Demeter of Smock was sentenced to pay the costs and \$10 per week to the support of his wife, charges of desertion and non-support.

By an order of court Andrew Gregor, well-known young automobile man of Uniontown, became the adopted son and legal heir of Chad W. and Lulu Chalfant. Mr. Gregor has made his home with Mr. and Mrs. Chalfant for the past 15 years and has always been considered as a member of the family. His mother, which was placed under the care of Mrs. Chalfant.

## At the Theatres

THE ROISSON.

"DANGER VALLEY," an intensely dramatic story, with Neal Hart in the leading role, is the feature attraction today and will also be presented tomorrow. Anyone who has seen a Neal Hart picture knows one thing for certain—Neal does not take his fights lightly. This is so well known in the movie colony at Los Angeles that Neal has had difficulty in getting men to play the heavy in his pictures. For when the big fight comes—and there is always a fight in a Neal Hart picture—Neal makes it "the real thing," and launches himself at his opponent with all the terrific force of his mighty frame. In "Danger Valley," Hart, literally knocks a man over a cliff. This scene was not faked in the usual manner, with a dummy doing the fall; and the film shows the victim of Neal's punch rolling over and over down the almost vertical slope. Although "Danger Valley" is a story of the desert and was actually filmed amidst the heat and desolation of Death Valley, some of the earlier scenes portray the luxury and gaiety of New York society life.

### THE PARAMOUNT.

"THE UNKNOWN WIFE" and an episode of "The Purple Riders," the interesting serial featuring Joe Ryan, are the feature attractions today and tomorrow and provide a program of entertainment worth. Edith Roberts portrays the leading role in "The Unknown Wife" and is given an opportunity to display her dramatic ability. Monday and Tuesday Carmel Myers will be seen in "The Dangerous Moment," a Universal picture.

### THE ORPHEUM.

"THE FORBIDDEN CITY," the feature attraction today and tomorrow, presents Norma Talmadge, the celebrated and beautiful screen star, in a dual role, that of San San and Toy. The story begins when Wong Li, a Chinese mandarin, learns that his beautiful daughter, San San, has married secretly to John Warden, a young officer attached to the American consulate. He spitefully San San away, leaving her husband's absence, and Warden is never again able to find her. As Wong Li has been in disgrace at the royal court, he offers San San to the emperor. The emperor accepts his daughter, but when he learns she has given birth to a half-American baby girl he orders both Wong Li and San San killed. The baby, Toy, is saved. Later, in life, after Toy has grown to beautiful womanhood, she makes her escape to Manila, where she becomes a Red Cross nurse. There she meets and falls in love with Lieutenant Philip Halbert. The two plan to marry, but when the governor, John Warden, learns that Halbert is about to marry a Chinese girl, he sends him away on a distant mission. In the meantime the governor becomes seriously ill. Toy is his nurse, and as he partly recovers he finds, out that she is the daughter of his Chinese wife. Then Halbert returns, and the governor gives his consent for their wedding, which is celebrated at his bedside.

He spitefully San San away, leaving her husband's absence, and Warden is never again able to find her. As Wong Li has been in disgrace at the royal court, he offers San San to the emperor. The emperor accepts his daughter, but when he learns she has given birth to a half-American baby girl he orders both Wong Li and San San killed. The baby, Toy, is saved. Later, in life, after Toy has grown to beautiful womanhood, she makes her escape to Manila, where she becomes a Red Cross nurse. There she meets and falls in love with Lieutenant Philip Halbert. The two plan to marry, but when the governor, John Warden, learns that Halbert is about to marry a Chinese girl, he sends him away on a distant mission. In the meantime the governor becomes seriously ill. Toy is his nurse, and as he partly recovers he finds, out that she is the daughter of his Chinese wife. Then Halbert returns, and the governor gives his consent for their wedding, which is celebrated at his bedside.

"THE FORBIDDEN CITY," the feature attraction today and tomorrow, presents Norma Talmadge, the celebrated and beautiful screen star, in a dual role, that of San San and Toy. The story begins when Wong Li, a Chinese mandarin, learns that his beautiful daughter, San San, has married secretly to John Warden, a young officer attached to the American consulate. He spitefully San San away, leaving her husband's absence, and Warden is never again able to find her. As Wong Li has been in disgrace at the royal court, he offers San San to the emperor. ## The Sporting World

### GREAT GAME IS EXPECTED WITH YOUGH VALLEY TEAM IN LEAGUE GAME TOMORROW

Indications Are That "Tumble" Randolph and Hauser Will Meet.

#### FANS ARE INTERESTED

The Connellsville Independents intend to better their standing in the Fayette-Yough Valley league at the expense of the Yough Valley team tomorrow afternoon at Fayette field, when these two aggregations come together in their second clash of the season. The locals are now in the cellar of the league, but as the series is still young they expect to be near the top before many more games are played.

Frank Tarr's bunch of tossers are confident they can repeat their victory over the team of this village. But to do so, the down-river bunch will have to step their best Saturday. Should Connellsville get the breaks in their hoodoo first inning it will give the players a world of confidence. The locals will undoubtedly rise "Rabbit" Hauser to do mound duty. The Rabbit will be at the top of his form tomorrow, as he has had a full week's rest. Roy Bonberger has stated he will send "Tumble" Randolph to do the stinging for the visitors. Should these two men enter the box, a great pitching duel is sure to result. For the first time this season special officers will see that the practice of jumping the fences will not occur. It is not likely that the practice will continue, as the officers intend to arrest all those who enter the grounds without the formality of purchasing a ticket at the box office. The game will start promptly at 3:30 o'clock.

#### LEVINSON WINS FROM LEVINSON NO. 3

The Trotter baseball team defeated Levinson No. 3 at Trotter last evening by the score of 3-0. It was a nip and tuck contest from the start to the finish. Each side playing fine ball. Trotter, playing in right field for the home team, slipped two runners off at his home plate by his great pegging. Trotter scored the only runs of the game in the first inning, when they took their opponents by surprise and put three runs over which gave them the game. Levinson tightened up after that, and Trotter failed to score again.

A. J. Trotter allowed the visitors only seven hits and these were well scattered, while Trotter touched Tomasco for 10 hits. Levinson managed to knock three hits in the ninth inning but failed to score.

The batteries for Levinson No. 3 were, Tomasco and Basinski, and for Trotter, A. Trotter and A. Smith. The Trotter outfit will play Youngstown today at Youngstown.

#### LUTHERANS DEFEAT COVENANTERS, 9-6

The Lutheran Church league baseball team defeated the Covenanters at Fayette field last evening, 9-6. The score was tied at 5-5 in the fifth inning. By the victory last night the Lutherans clinched into berth No. 2.

Tonight the Baptists and Christian teams come together. The Baptists can move from seventh into fourth place by a victory.

#### KLAIRDALES LOSE, 7-4

The Klairdales lost to the Christian team of the local Church league at Poplar Grove last evening, 7-4. The home team made a bold start, being in the lead up until the fourth inning. Then, according to the Klairdales, the umpire began calling everything that was not struck a ball, and presently the game was in a lull. The Klairdales also accuse the Christians of cheating the services of the Tornado stars—"loadin' up," so to speak.

#### MORRELL BEATS DUNBAR

ALL STAR AGGREGATION Morrell defeated the Dunbar all stars on the latter's grounds last evening in a six-inning game. The contest ended, 12-3. It was an interesting game until the fifth inning when Morrell got a five-run lead. Up to that time the score had been tied twice.

The score by innings:

Morrell 114-051-12

Dunbar 120-220-6

### TENNIS A PROMOTER

OF COSMOPOLITANISM

The spread of tennis throughout the world has constituted a veritable league of nations in the sportsman's world, according to Clinton L. Childs, secretary of Davis cup committee.

The entries for the Davis cup competition, Mr. Childs says, is the real proof of the cosmopolitanism of the game. The pursuit of the Davis cup, he continues, has become so keen that this year 12 nations are sending their finest tennis players to America in the hope that these may wrest the cup from Tilden and Johnston, the present American holders.

In discussing this Mr. Childs said yesterday:

"No other sport is so international or cosmopolitan as lawn tennis. It is the foremost gentleman's sport in the world. It has no professional side and in this respect it differs from practically every other sport that has any international importance. Tennis has been promoted throughout the world by gentlemen whose only motives were the development of the highest skill in one of the most sports in the world. Tennis has never been tainted by professionalism but has been developed in most of the civilized countries by men who are true sportsmen."

The Davis cup, I think, has done more to advance tennis throughout the world than any other single influence. It has stimulated the pride and rivalry of many nations, which have been and are sending their finest tennis athletes from all parts of the world to challenge America for the Davis cup. This Davis cup has fostered a competition in sports that is unique. In no other sport do so many nations come together, each year and no other sport, I am sure, has done so much to bring so many nations together as the game of tennis."

The erection of the grand stands at the Allegheny Country club, Sewickley, surrounding the Davis cup tournament courts, is nearing completion. The stands will seat approximately 3,000 persons at each match.

### Notes

The all-star Church league team will leave Saturday afternoon for Uniontown on a street car at 1:15 o'clock. The game is scheduled to start at 3:30 o'clock at Bailey park, Gallatin avenue.

The Connellsville Junior Independents will cross bats with the Keystone ball team of Everson here Saturday afternoon at 4 o'clock. The batteries for Everson will be Hostetter and Bair, and for the Junior Independents, Neuroth and La Chimia.

## LEADING NEW YORK JOCKEY

Earl Sande, former contract jockey of Commander J. K. L. Ross, is leading the riders on the New York tracks this season. Sande is now employed by the Rancocas stable, owned by Harry Stelzer, the millionaire oil man.

Jockey Sande rode Mad Hatter to victory in the historic Man-o-war handicap which featured the opening day at the Belmont track.

## Sporting Squibs of All Kinds

Max Marston won the Ligonwood Hall golf cup at Philadelphia.

Philadelphia patchmen plan to revive the Bertha race next year.

David J. Crawford, a clever, all-around athlete, is West Point's first track captain.

Kenneth Wayland of New Haven was declared captain of the Lafayette college tennis team.

George Carpenter, in addition to boxing, is a runner, jumper, soccer player of merit and a clever golf exponent.

C. G. T. Lundell of Dorchester, Mass., has been elected captain of the Phillips Exeter academy track team for next season.

John Morgenthau, known to boxing fans as "Honest John," says that Willard is ten to one to come back. He adds that John Willard was too old the last time. "Honest John" has seen many champions come and go.

Coach Walter Chaffin of the University of California, who has been active in athletics 15 years, has the proud honor of developing the real collegiate track and field squad. California is Pacific coast trail champion, and also rowing title holder.

## COKE INQUIRY HAS NOT YET DEVELOPED INTO A CONTRACT

Trade Figures Price Will Be \$3.00 or \$3.25, According to Brand.

### SMALLER SALES AT \$3.25

One Subject to Adjustment of Commission, Another Not to Produce; Inquiry Recently Made for Foundry; Price, \$3.25, But Not Advanced.

Special to The Weekly Courier.

PITTSBURGH, July 20.—The trade understands that up to this time the Wickwire-Spencer Steel company, Buffalo, has not acted on its inquiry recently sent to many coke operators, for 15,000 tons a month of furnace coke for August and September. When the inquiry first came out the trade was interested in it on the ground that it would develop a market price, but since then the trade has done so much talking that it has decided almost exactly what is going to be done in the matter of price. If a transaction is actually made. According to the trade the price is going to be \$3.00 or \$3.25. It is a common ordinary coke is taken, while it is going to be more than \$3.00, perhaps even \$3.25 if any one of several brands is taken. It may be mentioned that the \$3.50 figure recently mentioned as the price that many operators would adhere to, and sell the coke if they could not get it, has been eliminated by the trade. The price reduction which has now come general among the independent, following the Railway and Washington reduction reported in detail in The Courier a fortnight ago.

It is reported on what seems to be good authority that the Connellsville Central Coke company has sold Robinsons about 7,500 tons of coke monthly for a short period of months at \$3.25. The furnace making low phosphorus pig iron, requiring a coke particularly low in phosphorus such as can be furnished by only a very few plants. The contract for this coke reported several weeks ago appears to have gone by the board, or there would be occasion for making a contract at this time.

Another authenticated sale, made during the past week, was of 35 cars of coke for furnace use at \$3.25, subject to adjustment of commission. A second sale of 10 cars by the same producer, who has operated continuously throughout the depression, was made at \$3.25 net to the seller.

The spot furnace coke market is spotty, sales being made of various grades of coke, chiefly indifferent in quality, and the price is in keeping with the quality, ranging from \$2.75 to \$3.25. There is little reason to suppose that any of the coke sold at less than \$3.00 is really good standard furnace coke, such as would be acceptable to the average blast furnace in these like these, when furnaces can be particular about the kind of coke they accept, just as they find their own customers are particular about the kind of pig iron they are willing to accept. Most of the sales of spot furnace coke made in the past week have been to miscellaneous buyers, not iron blast furnaces at all, and thus prices in any event would not be much of a criterion as to what would be done in the case of a sale of any tonnage between an operator and an iron blast furnace. There is a strong belief of probability that \$3.00 or better would be obtained.

Demand for foundry coke for spot shipment has improved notably in the past week. The demand is not large, but it marks a great improvement, for in the first week or two of July there was scarcely any demand at all. Sellers report that a number of foundries that had been fairly regular buyers from week to week merely stopped for two or three weeks. The increase in foundry coke demand has not advanced prices, but it has stiffened them to the extent at least of preventing any further decline, and foundry coke is easily a dollar a ton above furnace coke, a decidedly good showing for dull times. There is no talk whatever of foundry coke on contract, so that there is no semblance of a market on that. The market in general is quotable as follows:

Spot furnace ..... \$3.00 to \$3.25  
Contract furnace ..... \$3.00 to \$3.25  
Spot foundry ..... \$4.00 to \$4.50

The pig iron market is as dull as ever, but not any duller, as it could hardly show any change in that direction. Prices tend to sag further, on the same principle that has obtained in recent months, that each inquiry of any importance brings out a price a little lower than the price on the last important transaction. Basic iron, which had sold at \$20, Valley prior to last report, afterwards sold at \$19.50 and now a \$20 ton lot has gone at \$19, Valley furnace. There is more basic iron offered in the valleys at the \$19 price, which is the quotable market. According to the trend that has been invariable so far, a still lower price is due in time, but considering the cost of replacement no one is disposed to predict that below \$19 will actually be done unless freight rates, affecting the cost of assembling the raw materials, are reduced. No decline in coke is expected that could put the cost of making iron below \$19. Bessemer iron has been offered at \$20.50, Valley, or a dollar below the nominal quotation given a week ago while on some small sales foundry iron has declined 50 cents, the market now being quotable as follows:

Basic iron ..... \$19.50  
Furnace iron ..... \$19.00  
Foundry iron ..... \$20.50

These prices are for Valley furnace. Freight to Pittsburgh being \$1.00. In the case of basic iron it is not improbable that Pittsburgh delivery could be had at less than \$19, plus \$1.00 by buying from furnaces nearer Pittsburgh than the valleys, so that the Pittsburgh market is probably

JAMES C. GRAY

James C. Gray is the largest producer of radium in the world, being president and general counsel of the Standard Chemical company of Pittsburgh, Pa. The company produced the radium presented to Mrs. Curie by President Harding at the White House as the gift from the women of America.

somewhat below its freight relation to the Valley market.

### BEEHIVE COKE AND SOFT COAL BOTH CUT BY FOURTH HOLIDAY

Former Down to 34,000 Tons; Latter Less Than 7,000,000 Tons in Week Ended July 9.

The Independence Day holiday makes it difficult to interpret the reports of beehive coke production during the week ended July 9, says F. G. Tyson, statistician in charge of compilation of the weekly reports of the United States Geological Survey. The total output was 34,000 net tons, against 46,000 tons the week before, and less than one-tenth of that in the corresponding week in 1920. That nothing has occurred to relieve the depression overhanging the industry is shown by the fact that the average production per working day continued to decline. The Courier reports that the output in the Connellsville region was 13,400 tons, a decrease of 5,240 tons when compared with the week preceding.

Cumulative production for 1921 is placed at 3,432,000 net tons, against 11,267,000 tons in 1920.

The production by states, compared with the corresponding week of last year was as follows:

1921 1920  
Pennsylvania and Ohio 23,000 281,000  
West Virginia 1,000 27,000  
Alabama, Tennessee and Georgia 2,000 31,000  
Virginia and Kentucky 3,000 24,000  
Colorado, Oklahoma and New Mexico 2,000 8,000  
Washington and Utah 2,000 4,000  
U. S. Total 34,000 362,000

The effect of the Fourth of July holiday upon production of bituminous coal was what might have been expected. The total output dropped to 5,163,000 tons, and the average production per working day also declined from 1,273,000 to 1,233,000 tons. Experience has shown that not only the total production of the week of Independence Day, but the average rate on the five working days usually declines.

Production during the first 161 working days of the past five years, the period over which records of weekly output extend, has been as follows:

1917 236,315,000  
1918 201,585,000  
1919 228,132,000  
1920 207,531,000  
1921 201,527,000

### FRANCE BULWARK OF EUROPE

Country Stands Alone Against a Still Menacing Germany, According to Writer in Outlook.

I wish I could write accurately of Europe. I have spent nearly three months digging under the surface 10 hours a day in England, France, Belgium, Germany, Italy, Austria and Hungary, uncovering the cost of living, wages, taxes, governmental expenditures, incomes, debts and gold reserves; and I have noted the agricultural equipment and activity, the political unity and otherwise, the honesty of peoples and their intelligence. And I am coming home to America with a heavy heart.

I criticize every country in Europe, as I do my own beloved land. I exclaim only France, W. C. Gray writes in the Outlook.

From the first gun in 1914 to the present moment France has been the object of attack by the central powers. Anti-French intrigue is as active today as ever. Each move, each hope of the central powers hangs on crippling France. France bears the brunt of humiliating European order, and is recompensed by a world of suspicion or hatred. She does not deserve criticism from her former associates; she does need their advice and their firm support in her plan to settle the war.

What would happen if France were to economize by disbanded the bulk of her army? Germany would change her tone immediately. Not one mark more would she pay, and her own army would rapidly take form. In one year she would again be the principal military power of Europe, with greater resources than any two other nations. There would then be no doubt as to who was the
